(54) CUSTOM MADE TELEGRAM PROCESSING METHOD AND SYSTEM

(57)Abstract:

PROBLEM TO BE SOLVED: To enable originality of a client to be reflected on a telegram output medium such as a mount paper without making a reception of the telegram relied only upon a telephone by delivering an outputted telegram output medium as the telegram on the basis of information from the transmitter.

SOLUTION: In a custom made telegram processing method for receiving a telegram request from a client and processing a custom made telegram by the client's request at the time preparing and delivering the telegram, telegram information including at least client information, information telegram messages of the transmitted (a message) and image data including an arbitrary still image or illustration is inputted (step 1). The inputted telegram information is received (step 2), the

telegram information is compiled in an arbitrary form on the basis of the contents of the telegram information (step 3). Then, the telegram information is outputted to a telegram output medium (step 4), the outputted telegram output medium is delivered as a telegram on the basis of information from the transmitter (step 5). Thus, the originality of the client is made reflected on a mount paper or the like.

LEGAL STATUS

[Date of request for examination] 16.02.1998

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number] 2990667

[Date of registration] 15.10.1999

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
